INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

31 MARCH 2021 (REVIEWED)

Ernst & Young - Middle East P.O. Box 140 East Tower - 10th floor Bahrain World Trade Center Manama Kinddom of Bahrain Tel: +973 1753 5455 Fax: +973 1753 5405 manama@bh.ey.com www.ey.com/mena C.R. no. 29977-1

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF ARAB BANKING CORPORATION (B.S.C.)

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Arab Banking Corporation (B.S.C.) [the "Bank"] and its subsidiaries [together the "Group"] as at 31 March 2021, comprising of the interim consolidated statement of financial position as at 31 March 2021 and the related interim consolidated statements of profit or loss, comprehensive income, cash flows and changes in equity for the three-month period then ended and explanatory notes. The Bank's Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 Interim Financial Reporting (IAS 34), as modified by the Central Bank of Bahrain [the "CBB"]. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 as modified by the CBB.

Other matters

Due to the outbreak of the novel coronavirus (COVID-19) in early 2020, the CBB vide its circular OG/124/2020 dated 30 March 2020 had exempted all public shareholding companies and locally incorporated banks from preparation and publication of interim condensed financial statements for the three-month period ended 31 March 2020. Accordingly, we have not reviewed the comparative information for the three-month period ended 31 March 2020 presented in these interim condensed consolidated financial information which have been extracted from management accounts and, we do not express any review conclusion on them.

1 INCORPORATION AND ACTIVITIES

Arab Banking Corporation (B.S.C.) [the "Bank"] is incorporated in the Kingdom of Bahrain by an Amiri decree and operates under a wholesale banking licence issued by the Central Bank of Bahrain (the "CBB"). The Bank is a Bahraini Shareholding Company with limited liability and is listed on the Bahrain Bourse. The Central Bank of Libya is the ultimate parent of the Bank and its subsidiaries (together the "Group").

The Bank's registered office is at ABC Tower, Diplomatic Area, P.O. Box 5698, Manama, Kingdom of Bahrain. The Bank is registered under commercial registration number 10299 issued by the Ministry of Industry, Commerce and Tourism, Kingdom of Bahrain.

The Group offers a range of international wholesale banking services including Corporate Banking & Financial Institutions, Project & Structured Finance, Syndications, Treasury, Trade Finance services, Islamic Banking and the digital, mobile-only banking space named "ila Bank" within retail consumer banking services. Retail banking services are only provided in the MENA region.

2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES

2.1 Basis of preparation

The interim condensed consolidated financial statements of the Group have been prepared in accordance with applicable rules and regulations issued by the Central Bank of Bahrain ("CBB") including the CBB circular on regulatory concessionary measures in response to COVID-19. These rules and regulations, in particular CBB circular OG/226/2020 dated 21 June 2020, require the adoption of all International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) (IFRS), except for:

- (a) recognition of modification losses on financial assets arising from payment holidays provided to customers impacted by COVID-19 without charging additional interest, in equity instead of profit or loss as required by IFRS 9 Financial Instruments. Any other modification gains or losses on financial assets are recognised in accordance with the requirements of IFRS 9; and
- (b) recognition of financial assistance received from the government and/ or regulators in response to its COVID-19 support measures that meets the government grant requirement, in equity instead of profit or loss. This will only be to the extent of any modification loss recorded in equity as a result of (a) above, and the balance of the amount to be recognised in profit or loss. Any other financial assistance is recognised in accordance with the requirements of IAS 20.

The above framework for basis of preparation of the annual financial statements is hereinafter referred to as 'IFRS as modified by CBB'.

The interim condensed financial statements of the Group has been presented in condensed form in accordance with the guidance provided by International Accounting Standard 34 – 'Interim Financial Reporting', using the IFRS as modified by CBB framework. Hence, the framework used in the preparation of the interim condensed consolidated financial statements of the Group is hereinafter referred to as 'IAS 34 as modified by CBB'.

These interim condensed consolidated financial statements do not contain all information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2020. In addition, results for the three-month period ended 31 March 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

2.2 Comparative information

During 2020 as a result of COVID-19, the CBB issued various circulars on regulatory concessionary measures including circular OG/124/2020 dated 30 March 2020, in which the CBB exempted all public shareholding companies and locally incorporated banks from preparation and publication of interim condensed financial statements for the three-month period ended 31 March 2020. Accordingly, the Group did not publish reviewed interim condensed consolidated financial statements for the period ended 31 March 2020 and therefore the comparative information for the three month period ended 31 March 2020 included in these interim condensed consolidated financial statements have been extracted from management accounts for the period ended 31 March 2020 on which neither an audit opinion nor a review conclusion was issued.

31 March 2021 (Reviewed)

All figures in US\$ million

2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

2.3 Basis of consolidation

These interim condensed consolidated financial statements include the financial statements of the Bank and its subsidiaries after elimination of inter-company transactions and balances.

2.4 Directives issued by the CBB and Government assistance

The Group had provided payment holidays to certain customers on the basis of regulatory directives issued by the CBB as concessionary measures to mitigate the impact of COVID-19 and requests received. As of 31 March 2021, the outstanding balance of customers to whom such payment holidays have been provided amounted to US\$ 555 million (year ended 31 December 2020: US\$ 894 million). However, this did not result in any modification loss.

Further, the Group did not receive any financial assistance and had no modification loss from the Government during current and prior period.

2.5 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2020, except for adoption of new standards or certain amendments to existing standards that have become applicable to the Group effective from 1 January 2021. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2021, but do not have an impact on the interim condensed consolidated financial statements of the Group except for those disclosed below.

- **2.5.1** Interest Rate Benchmark Reform Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 On August 27, 2020, the IASB issued Interest Rate Benchmark Reform Phase 2, Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 (the amendments). The amendments introduce various practical expedients with respect to changes arising due to interest rate benchmark reform (IBOR reform) as explained below:
 - A practical expedient to require contractual changes, or changes to cash flows that are directly required by the IBOR reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest. In such a case, the Group does not derecognise or adjust the carrying amount of financial instruments for modifications required by IBOR reform but instead updates the effective interest rate to reflect the change in the interest rate benchmark. After that, the Group applies the policies on accounting for modifications set out in Note 4 of the Group's consolidated financial statements for the year 2020 to the remaining modifications.
 - Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued. This is applied in cases where the basis for determining the contractual cash flows of existing hedge relationship changes as a result of IBOR reform, the Group may amend the hedge documentation without discontinuing the hedging relationship.
 - Provide temporary relief when determining the hedged risk, the Group may designate an alternative benchmark rate risk component that is not currently separately identifiable, as long as it is reasonable to expect that the alternative benchmark rate will become separately identifiable within a 24-month period.

These amendments had no impact on the hedging activities or interim condensed consolidated financial statements of the Group.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies, estimates and assumptions used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2020 except for adoption of new standards and amendments effective from 1 January 2021 as explained in Note 2.5 to the interim condensed consolidated financial statements.

8 OPERATING SEGMENTS

For management purposes, the Group is organised into five operating segments which are based on business units and their activities. The Group has accordingly been structured to place its activities under the distinct divisions which are as follows:

- **MENA subsidiaries** cover retail, corporate and treasury activities of subsidiaries in North Africa and Levant;
- **International wholesale banking** encompasses corporate and structured finance, trade finance, Islamic banking services and syndications;
- Group treasury comprises treasury activities of Bahrain Head Office, New York and London;
- **ABC Brasil** primarily reflects the commercial banking and treasury activities of the Brazilian subsidiary Banco ABC Brasil S.A., focusing on the corporate and middle market segments in Brazil; and
- Others includes activities of Arab Financial Services Company B.S.C. (c) and ila Bank.

^{**}Loss on hedging foreign currency movements relate to a transaction which has an offsetting impact on the tax expense for the period.

9 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Fair values of financial instruments not carried at fair value

Except for the following, the fair value of financial instruments which are not carried at fair value are not materially different from their carrying value.

	Reviewed		Audited	
	31 March 2	2021	31 December 2020	
	Carrying	Fair	Carrying	Fair
	value	value	value	value
Financial assets				
Non-trading debt investments				
at amortised cost - gross	1,378	1,381	1,213	1,213
Financial liabilities				
Borrowings	1,602	1,602	1,795	1,796

For financial instruments that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

Financial instruments in level 1

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

Financial instruments in level 2

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Transfers between level 1 and level 2

There were no transfers between level 1 and level 2 during the current and prior period.

10 CREDIT COMMITMENTS AND CONTINGENT ITEMS

a) Exposure (after applying credit conversion factor) and ECL by stage

	31 March 2021 (Reviewed)			
	Stage 1	Stage 2	Stage 3	Total
Credit commitments and contingencies	2,822	165	79	3,066
ECL allowances	9	10	33	52
	31 December 2020 (Audited)			
	Stage 1	Stage 2	Stage 3	Total
Credit commitments and contingencies	2,758	202	61	3,021

11 RISK MANAGEMENT

Liquidity risk

The Group is required to comply with the liquidity requirements as stipulated by its regulator, the CBB. These requirements relate to maintaining a minimum of 100% (reduced to 80% upto 31 December 2021) for liquidity coverage ratio (LCR) and net stable funding ratio (NSFR). LCR is calculated as a ratio of its stock of HQLA and net outflows over the next 30 calendar days. NSFR is calculated as a ratio of 'available stable funding' to 'required stable funding'. As at 31 March 2021, the Group's LCR and NSFR were at 200% (31 December 2020: 324%) and 124% (31 December 2020: 122%) respectively.

12 TRANSACTIONS WITH RELATED PARTIES

Related parties represent the ultimate parent, major shareholders, associates, directors and key management personnel of the Group and entities controlled, jointly controlled or significantly influenced by such parties. Pricing policies and terms of these transactions are approved by the Group's management.

The period-end and year-end balances in respect of related parties included in the interim consolidated statement of financial position are as follows:

		Major							
	Ultimate	Ultimate	Ultimate	Ultimate	Ultimate	Ultimate	share-		31 March
	parent	holder	Directors	2021					
	_			(Reviewed)					
Deposits from customers	3,194	700	8	3,902					
Borrowings	1,505	_	-	1,505					
Short-term self-liquidating trade and									
transaction-related contingent items	330	-	-	330					
		Major							
	Ultimate	share-		31 December					
	parent	holder	Directors	2020					
Deposits from customers	3,274	700	8	3,982					
-		700	o						
Borrowings	1,330	-	-	1,330					
Short-term self-liquidating trade and									
transaction-related contingent items	171	-	-	171					

The income and expenses in respect of related parties included in the interim consolidated statement of profit or loss are as follows:

	31 March	31 March
	2021	2020
	Reviewed	Unreviewed
Commission income	2	2
Interest expense	20	29

13 IMPACT OF COVID-19

On 11 March 2020, the World Health Organisation declared the COVID-19 outbreak a global pandemic. Many countries' governments, including the Kingdom of Bahrain and other countries where the Group operates, implemented restrictions aimed at limiting the rate of its spread which have had immediate impact on people, businesses and economies. Additionally, governments and central banks of economies where the Group operates have launched economic support and relief measures (including payment reliefs) to minimise the impact on individuals and corporates.

13 IMPACT OF COVID-19 (continued)

The Group continues to closely monitor the situation to ensure operational resilience and continuity of its operations. The Bank has activated its business continuity planning and other risk management practices to manage the potential impact of the business disruption due to COVID-19 outbreak, on its operations and financial performance.

Further, banking and accounting regulators have continued to provide guidance on the appropriate provisioning treatment relative to the support provided to customers as a result of the COVID-19 crisis. Accordingly, the Group has performed an assessment of COVID-19 implications on its financial results, expected credit loss (ECL) methodology, use of forward looking information and judgements for the period ended 31 March 2021. The ECL methodology has largely remained unchanged from 31 December 2020)which included the changes to factor into account COVID-19 impacts). Significant inputs used for ECL calculation for the period are described below.

a) Reasonableness of forward looking information and probability weights

The Group uses a range of macro-economic factors in ECL assessment relevant to multiple jurisdictions of operations considering its global footprint under three scenarios, upward, base and downward case. The Group reviews and updates selected economic series on regular basis and applies its judgement in determining what constitutes reasonable and forward-looking estimates.

During the first quarter of 2021, the Group has used the Moody's latest macroeconomic data which has been reviewed and approved by the management and considered as fit for use for the purpose of ECL modelling. In making estimates, the Group assessed a range of possible outcomes by stressing the macroeconomic factors (that includes upward, base and downward case scenarios), and has kept the scenario weightages of upward, base and downward cases unchanged at 30%, 40% and 30% respectively from 31 December 2020.

b) Support for customers and associated ECL treatment

Obligors seeking forbearance in the form of a deferral of repayments or interest as a result of the impact of COVID-19 have been treated in line with local regulatory guidelines in each jurisdiction. The staging and ECL estimation for such customers and any associated reporting are also done in line with regulatory guidance.

c) Application of overlays to specific industry and customer portfolios

Considering the current scenario, the Group has applied overlays on the ECL estimates based on internal stress testing analysis (alongside significant judgements). While estimating the overlays, considerations were given to potential severity and duration of the economic shock, including the mitigating effects of government support actions, as well the potential trajectory of the subsequent recovery. The Group also considered the likely differential impacts on portfolio and sector classes, including pronouncements from different regulatory bodies regarding IFRS 9 application in the context of COVID-19. The Group will continue to reassess these overlays and scenario weightages on an ongoing basis.

Consistent with requirements of IFRS 9, the Group has considered both quantitative and qualitative information in the assessment of a significant increase in risk.

As with any economic forecasts, the projections and likelihood of the occurrence are subject to a high degree of inherent uncertainty and therefore the actual outcomes may be significantly different to those projected.

d) Modification of financial assets

The CBB issued several circulars with respect to COVID-19 outbreak to banks in the Kingdom of Bahrain with respect to deferral of repayments of principal and interest due for affected sectors, pursuant to which the Group has assessed the deferral requests received on a case to case basis in compliance with CBB circulars. As the Group has not granted any interest waiver requests, no modification loss has been recognised during the period ended 31 March 2021 and 31 March 2020.

e) Subsequent events impact on ECL

The implications of the COVID-19 pandemic are ongoing and the outcome of this event cannot still be estimated with reasonable certainty. Hence, "non-adjusting events" in line with IAS 10 "Subsequent events" cannot be reasonably quantified at the date of issuance of these interim condensed consolidated financial statements.

14 SIGNIFICANT EVENTS

On 15 January 2021, the Bank has entered into a sale and purchase agreement with BLOM Bank SAL, Lebanon, to acquire its 99.4% stake of BLOM Bank Egypt at a proposed cash consideration valuing the Blom Bank Egypt's 100% ownership at EGP 6,700 million. The Group expects to complete the acquisition process during Q2, 2021. Completion of the acquisition is subject to a number of conditions and approvals including regulatory approvals in the Kingdom of Bahrain, Egypt and Lebanon.
